THE PART NOBODY PAYS FOR

Your clients don't quit during the session.

ADIMFIT

THE SESSION

1 HOUR

A WEEK

Booked, billed, and the only part of their week you can see.

THE GAP

6 DAYS

A WEEK

Unbilled and invisible. This is where clients quietly drift.

A week goes badly.

The plan stops matching it.

They go quiet instead of telling you.

They quit here.

Not in the session.

WHY THAT GAP IS HARD

You are not there.

You find out at the next session, or you don't.

A plan written on Monday can't know about Thursday.

Chasing everyone by text doesn't scale.

The hour is fine. The week around it isn't.
